

Our Passion. Your Advantage.

## About

The Rocky Mountain User Group provides support to its members in the implementation and utilization of QAD Enterprise Applications. The User Group meetings will be of an educational nature, as well as a means of communication with QAD on common issues of interest. The User Group will work in association with the America's User Group as a 'Regional' User Group. The Rocky Mountain User Group is not intended to be a profit making operation. All funds collected by the Group will be used to expand and improve the operation and services provided by the group.

## Membership Benefits

- Network with other member companies who use QAD Enterprise Applications and have similar equipment and programs with which to compare and ask questions that may be relevant to your business.
- Gain exposure to resources and contacts for gathering information to be able to resolve pending business decisions.
- Learn about other QAD Enterprise Application modules, third party products, and relevant manufacturing topics.
- Help decide what is important and necessary for future changes in QAD Enterprise Applications
