

SUPPLY CHAINS

ARE FACING UNCERTAINTY, YET CONTINUE TO...

Spread Globally

Increase in Diversity

Consolidate, Divest, Subcontract & Outsource

As Supply Chains Grow in Complexity, Manufacturers Suffer

LOW VISIBILITY

Beyond Tier 1 Suppliers
Unanticipated Supply Disruptions
Financial & Reputational Threats

SLOWING OPERATIONS

High Administrative Workloads
Constantly "Fighting Fires"
Language, Currency & Timezone Gaps
Growing Production & Delivery times

MANUAL WORKFLOWS

Phone Calls, Emails,
Spreadsheets, White Boards

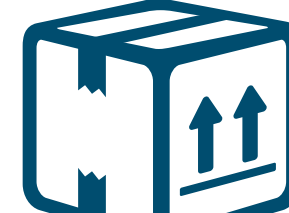

NO INTEGRATION

Low or No Real-time Connectivity to
Supply Chain Partners

ROOT CAUSES

Saddling Manufacturers with

11% - 25%

Higher Material Costs

3% - 11%

Higher Transportation Costs

UP TO **33%**

Higher Inventory Costs

14% - 200%

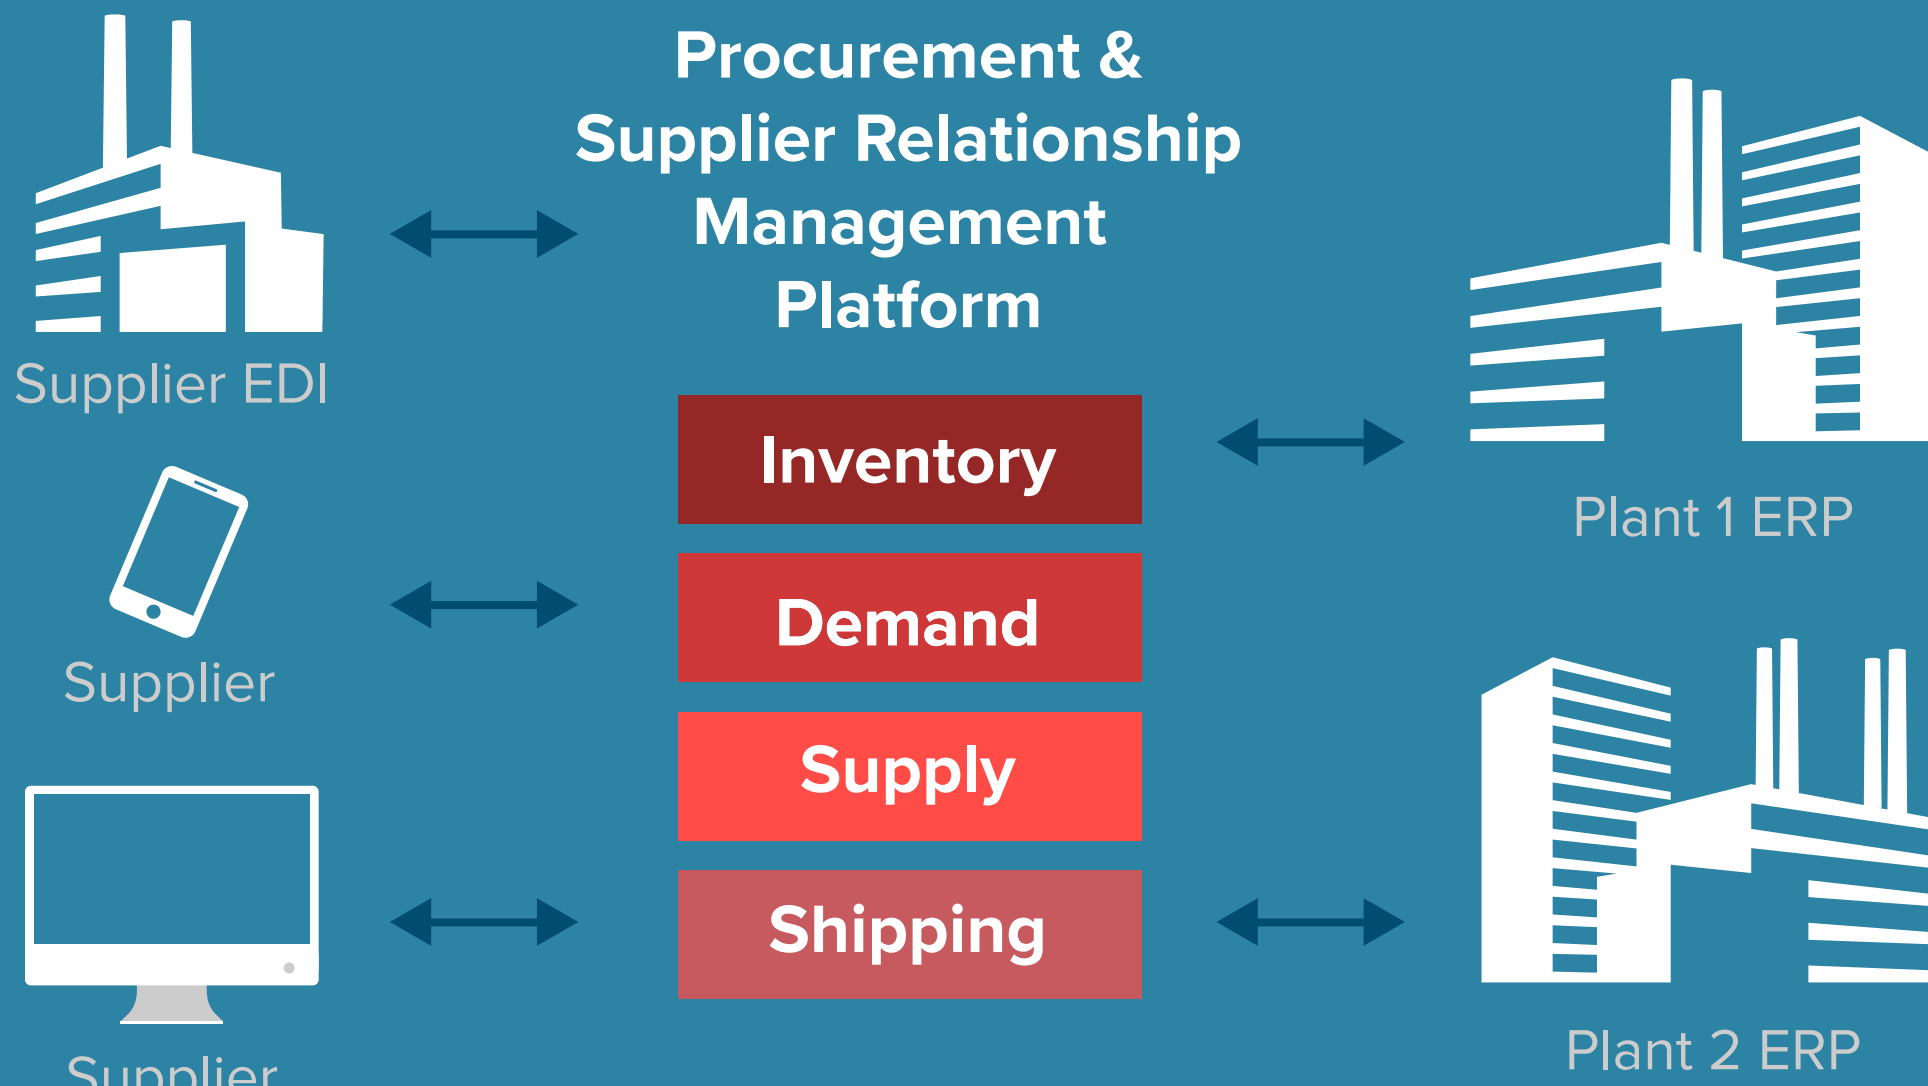

Higher Invoice Processing Costs

Known & Unknown, and MULTIPLYING Business Risks

Supply Chain Visibility, Speed & Collaboration

A responsive and flexible strategic network allows manufacturers to respond instantly to market volatility and changing customer demands.

- Automatic alerts notify planners of issues
- Suppliers gain insight into customer needs
- Displays schedule, order, shipment and invoice information
- Supports lean replenishment processes

Adoption of Digital Supplier Networks is Low

Manufacturers who accelerate their digital transformation will gain a competitive edge and realize significant benefits.
